## PROFESSIONAL EXPERIENCE

---

### DEFENCE SOLUTION & SYSTEMS

Islamabad, Pakistan

#### Front End Engineer

2021-Present

Led the migration of a Knockout.js web app to Angular.js, focusing on reusable components. Developed a React.js blog site, created reports with Report.js, and built interactive dashboards in Next.js to enhance data visualization and user engagement.

- Led the migration of a legacy Knockout.js web application to Angular.js, enhancing performance and scalability by developing reusable components, which improved maintainability and reduced development time.
- Designed and implemented a dynamic blog website using React.js, focusing on user experience and responsiveness, resulting in an increased user engagement by almost 30%.
- Created comprehensive and visually appealing reports utilizing Report.js, ensuring data accuracy and clarity for stakeholders.
- Developed multiple interactive dashboards in Next.js, enabling real-time data visualization and analysis, which facilitated better decision-making across departments.
- Worked collaboratively in an Agile environment, participating in daily stand-ups, sprint planning, and code reviews, which fostered a culture of continuous improvement and innovation.

### BUZZWARE TECH

Islamabad, Pakistan

#### Front End Web Developer

2020-2021

As a Front-End Developer, I designed and developed responsive websites using HTML, CSS, and JavaScript, focusing on user-friendly interfaces.

- Collaborated with UI/UX designers to create intuitive layouts.
- Ensured cross-browser compatibility and mobile responsiveness.
- Integrated RESTful APIs to connect front-end applications with back-end services.

### AL QAIM FOUNDATION

Gujranwala, Pakistan

#### Web Developer

02/2020-05/2020

Created a responsive website and developed engaging content for social media campaigns, enhancing brand visibility and user interaction.

### PERFECT FOR TECH

REMOTELY

#### MERN Developer

Part Time

Utilized Next.js, Tailwind CSS, and Shadcn UI to develop multiple projects, including "Toolar," which featured various tools such as word count and text formatting.

- Converted Figma designs into responsive websites.
- Actively participated in standup meetings to discuss project progress and collaborate with the team.

### ADROIT LIGHT SOLUTIONS

REMOTELY

#### Front End Developer

Part Time

Developed beautiful user interfaces as a Front-End Developer, focusing on creating responsive designs to enhance user experience.
